

CoBe Capital specializes in the acquisition and operation of non-core and underperforming business units from leading corporations across the Americas and Europe. This focus gives our firm unique strengths around meeting the needs of corporate parents seeking to divest operations.

CoBe Capital is a dynamic and nimble private investment firm with corporate headquarters in New York City and satellite offices in: Cologne, Germany; and Zurich, Switzerland. Building upon earlier successes, the strength of a portfolio of companies delivering solid financial results, and a permanent capital base, we seek to expand our existing portfolio of operating companies with the intent to grow these businesses for the long term.
